Village Lacks Book on Eligible Voters; Policy Not to Ticket Residents--Former Policeman

Recollections of election irregularities in Pontoon Beach and requests that accurate precinct maps be obtained before the next village election were voiced at a meeting of the village board Thursday evening.

Mrs. Lillian Singer and Mrs. Rosemary McBride, village residents and Namook Township Precinct One committeewomen, repeated requests made at previous board meetings that a method of accurately determining eligibility of voters in village elections be developed, either by having accurate maps drawn or by obtaining a poll binder book.

The women said they would be willing to help conduct a canvass of the village to prepare an accurate list of village residents.

Dr. Dean Rochester, trustee, said the idea was an excellent one and will be explored by the board.

If a survey is chosen as the best means to determine voter eligibility, he will volunteer to serve on a survey team, Rochester said.

The clerk was instructed to contact Illinois Power Co. to determine if it has an up-to-date list of village residents which could be used as a guideline in determining eligibility.

Meanwhile, the Madison County Grand Jury heard three more witnesses Thursday in its continuing investigation of allegations about activities and governmental procedures in the Pontoon Beach area.

Whether more will be called and when has not been announced.

In another development, Robert Littlejohn, 39, who resigned from the village police department nine months ago, told the Press-Record that his departure was due to dissatisfaction with village policies.

"I just couldn't take it any longer. I would go out and risk my life, sometimes against a man with a gun, and the next day they would throw the charges out."

Cowen was told to leave the taverns open when I was on the police force. Many of them stayed open to 3 or 4 in the morning, and one stayed open all night."

"It was a policy not to ticket village residents for offenses. We were told that if it was a Pontoon Beach resident, we should warn him and let him go."

"About a year ago I was sent to Granite City to pull a ticket against a man who had political influence."

"When I asked the judge to drop the charges, he said, 'No, Mr. (Village President Thomas) Stuckert is not going to have any tickets pulled in my court,' Littlejohn related.

Heavy Rainfall Floods Streets

Heavy rainfall measuring 2.40 inches during a 24-hour period Thursday night and early Friday morning flooded streets and basements in some areas of the Quad-Cities, and brought to 2.66 inches the total rainfall for this month as of 8 a.m. Friday.

Particularly hard hit by flash flooding were streets in the Lynch Avenue area adjoining Dubuque Slough which began to substantially before the rain subsided Friday. Water along Sara Street ran over the curbs for several blocks.

An additional .37 of an inch of rain was recorded Saturday and .02 of an inch was registered at 8 a.m. today for the previous 24-hour period. The weekend showers brought the total for December to 3.55 inches with today's reading, or 1.58 inches above the December normal rainfall of 1.97 inches.

So far, this month has been the wettest since last May when a total of 4.27 inches of rain fell in the Quad-City area.

Mullen Quits Post as Madison Comptroller

Meredith G. Mullen, comptroller of the city of Madison since last May 1, has resigned the post and is now associated with the sales division of a St. Louis television distributing firm, it was learned by the Press-Record today.

Mullen began work in the comptroller's office in January to become acquainted with the duties of the office. The May 1 retirement of former comptroller E. J. Miller. The post pays \$10,200 a year. Mayor Sasyk said he had "no comment" when asked about the resignation and plans to name a successor to Mullen.

Election Dates Challenged

A suit for declaratory judgment and injunction was filed Thursday for Wayne Bridgewater, assistant Wood River Township supervisor, against Miss Eulalia Hotz, Madison County clerk, to prevent the primary and general elections of county board members on Feb. 8 and April 4.

It asks the court to declare unconstitutional that state law which sets the dates and that the county board elections be held on the same dates as the state and county primary and general elections on March 2 and Nov. 7.

Bridgewater also asks that the court void the board nominating petitions filed with the county clerk to and including Nov. 8.

It was reported at the last meeting that it would be erected on the grounds of the old nursing home in Edwardsville, but members of the new buildings and election studies committees oppose that time have revived the tuberculosis sanatorium grounds as a possibility. The county owns both properties.

A construction contract for the steel building has yet to be awarded, though it was previously hoped that the building would be ready to service the machines in one location prior to the primary elections. The machines now are scattered throughout the county.

The Illinois Supreme Court on Friday upheld a voter redistricting plan for 59 new state legislative districts in 1972. The Quad-Cities are part of the new 58th District for the state senator and three representatives.

Because legislators were included in the reapportionment commission, a new remap for 1974 may be necessary, the court indicated.

Some will be discharged up to three months early if they agree to join a National Guard or Reserve unit.

Sheriff's Deputies Give Boost to 'Tree of Lights'

A year-around charity program sponsored by the Madison County Deputy Sheriff's Association was initiated Saturday in presentation of a check for \$1,000 to the Salvation Army, with provisions the money be used specifically for Christmas baskets, toys for needy children and Christmas meals.

Lieutenant John Cooper of the Madison County Sheriff's Department and president of the deputy sheriff's association, who presented the check to Capt. Ronald G. Kerley, local Salvation Army officer in charge, said the contribution was the first to be made under a program of charity work planned by the association as a continuing project.

The donation will turn on 40 lights on the Salvation Army's Tree of Lights.

The deputies' gift boosted the "Tree of Lights" fund past the half-way mark to \$5,000, or 50% of the \$10,000 goal. A total of 25 lights now illuminate the Salvation Army tree across from St. Elizabeth Hospital.

Lieut. Cooper said that the first major benefit to raise funds for the association's charity program will be a public dance to be held Feb. 11 at the Collinsville Park Ballroom with music furnished by Christy Lane and Her Misty Men. Other benefit affairs will be held throughout next year and all net proceeds will be used for charitable purposes, Cooper said.

Filing Period Opens For 1972 Primary

Filing of nominating petitions by candidates for county offices subject to the primary election March 21 opened in the office of County Clerk Eulalia Hotz at Edwardsville today.

Only seven candidates for county and State Level district offices were filed until noon today, but the clerk's office reported a heavy rush of candidates filing petitions for precinct committeemen positions. More than 100 committeemen petitions were filed this morning.

A three-way contest for the office of county recorder of deeds developed from this morning's filings. All the candidates filed for nomination on the Democratic ticket.

They included Blair Watson, Edwardsville, Ronald P. Lucas, Maryville, and D. Dean Bridwell, Edwardsville.

Other county filings included a protest on the Democratic ticket as circuit clerk; Thomas J. Burke Jr., Alton, for coronor, and William "Mike" Ebersoldt, Venice, for reelection to the levee board. Only Republican filing today was by John Maneracino, Venice, for nomination to the levee board.

Filing also opened in Springfield today for congressional and legislative candidates. Secretary John V. Lewis said names of candidates will be placed on the ballot in the order in which they file, except in the case of ties. Those will be decided by lottery, he said.

Vice Raid by Deputies

Madison County sheriff's deputies and state police raided the Marco Polo Lounge, Route 162 at Edwardsville, at 12:05 a.m. Friday, and arrested five women on charges of prostitution or related activities.

Two undercover agents of the sheriff's department spent several months at the lounge gathering information in preparation for the raid, the sheriff's office said. Eight uniformed deputies and two state troopers assisted the agents in raiding the back rooms of the lounge.

Arrested were Janet Parr, 31, who said she lived at the lounge, charged with prostitution; Gladys Mayhew, 38, Collinsville, charged with soliciting for a prostitute; Betty Moore, 23, of State Park Place, charged with prostitution; and Kim Lee Davis, 23, of Collinsville, charged with prostitution and aggravated battery.

Detectives said Miss Davis attempted to lure "trick" officers entered the place and one of the undercover agents allegedly was bitten as he placed his hand over her mouth to quiet her. He was treated at St. Elizabeth Hospital and released.

FIRST PATIENT to occupy the new wing of St. Elizabeth Hospital was the Rev. Ralph Cook who was transferred to Room 433 as the hospital began moving into its new addition. Shown with the Rev. Cook, left to right, are his wife, Mrs. Ralph Cook; Dr. John Riley, Dr. Robert Lay, Dr. Lawrence Armstrong, hospital administrator, and C. E. Townsend, member of the governing board. Visiting the patient, but not in the picture, was Mother Mary Paul, provincial Superior of the Sisters of Divine Providence.

Await Treatment Financing Plan

A plan for financing additional engineering work for the city's second sewage treatment program—estimated to cost about \$400,000—is expected to be a major issue of the city council's Dec. 20 meeting, following demands last week that work on detailed planning be authorized.

Mayor Donald Partney has informed council members that he will outline in detail, by letter, a possible financing plan that would involve a bond issue. He said the information would be sent to the aldermen in time to permit discussion of financing proposals in the Dec. 20 meeting.

While the mayor gave no details of the proposal, he said he would inform council members in the letter of the results of discussions he has had with possible financing sources and would outline one plan which he said he considers feasible. He remarked, however, that the proposal would "involve a bond issue."

The mayor, meanwhile, urged the council not to take hasty action in authorizing the city's special engineers, M.W. Inc. of St. Louis, to proceed with the detailed planning of the secondary sewage treatment plant and a system of interceptors for sewers. The additional planning is expected to cost the city more than \$400,000. Mayor Partney has maintained the money is not available from regular city funds.

Grants to Come Later
In addition, the city must provide funds for initial construction work on the project because state and federal grants will not be allocated until after the work is at least 25% under way.

In a council session last week, Alderman R. E. Robertson asserted the city "is wasting valuable time."

"I would be happy for you to proceed with the plans if you would be willing to do that knowing we don't have the money," the mayor told the engineers. "Would you be willing to do that?" Partney asked.

"We couldn't very well do that because we'd soon go out of business," Haller replied.

Alderman Steve Barschik, directing his remark to the mayor, said:

"In other words, you don't intend to meet this deadline (for secondary treatment facilities)."

"Unless the money is made available by the state and federal government, we should say that any community will be able to meet those dates," the mayor told Barschik.

Alderman Clyde Boyd told the council that "if we have \$400,000 on hand that we can use for this, then I think we should proceed at once. I believe we need some kind of a recommendation as to what we can do for the city," the sheriff's office said.

At that point Mayor Partney told the council that he had been discussing the problem with various financial sources.

Nameoki Faction Endorses County Board Aspirants

The executive committee of the Truth and Action Party of Nameoki township has announced endorsement of three candidates for county board member posts next year.

Endorsements went to Louis Whittell, supervisor of Nameoki Township and a candidate for county board member of District 28; David Huckle, assistant supervisor of Chouteau township and board candidate in District 16.

County voters next year will elect 29 board members to replace the present 48-member county board of supervisors. The change in the county administration will result from county redistricting required by the one-man-one-vote mandate of the Supreme Court.

District 26 in which Whittell seeks election to the new board is comprised of Nameoki Precincts 1, 5, 6, 8, 9 and 11 and Collinsville Precinct 10. Huckle is a candidate in District 25 which is made up of Nameoki Precincts 2, 4, 7 and 10, Granite City Precinct 12 and Collinsville Precinct 13.

District 16 Area

District 16 in which Sparks seeks election encompasses Nameoki Precinct 3 and Chouteau Precincts 1, 2 and 3. The party's executive committee, in a statement released by Douglas Teeter as spokesman for the group, said it felt Whittell and Huckle should continue as county board members because, as present members of the board of supervisors, both "are in a position to be directly aware of the needs of the township (Nameoki) and can properly represent us at the county level."

The committee said that since Whittell and Sparks are active handling plans for the township sewer program in the Quad-City area, they particularly should continue as county board members because of their knowledge of the project.

County Zoning Board Approves 3, Denies 2

The Madison County Zoning Board of Appeals has recommended approval of three special use permits and denial of two others on petitions of residents of area townships. They will be submitted to the County Board of Supervisors for final action on Wednesday morning.

- Benjamin C. and L. Wayne Gittleman to operate a beauty shop at 5220 Lakewood Drive with the stipulation that it be limited to a one-chair operation.
- William J. Jennings to construct a pole barn and to stable horses on Route 3 about a mile north of West Chain of Rocks Road.
- Dore McKinnon to operate a dress shop at Nameoki Road and Ferguson Avenue.

Denied were petitions of:

- Julius Horvath Jr. to erect an advertising sign on Route 162 about 500 feet west of Highway 111.
- Earl E. and Bernadine H. Smith to erect a floor covering store at Clinton Drive and Maryville Road.

Continued to Jan. 11 is the petition of Chouteau Island Corp. by Samuel B. Murphy, president and owner, to operate a sanitary landfill adjacent to the Mal landfill.

McKendree Sees Sport Growth

Soccer and cross country, tried experimentally last fall, will be back next fall at McKendree College at Lebanon as full-fledged letter sports.

The two programs are made possible by volunteer leadership from administration and faculty member, since neither has a paid coach.

With Howard Porter, instructor in science and mathematics, as a sponsor, the soccer team played an eight-game all-way schedule in their sweat suits. They lost all eight, but the scores showed they were progressively better.

Porter has agreed to help with next year's team, and

plans are for an eight-to-10 game schedule home and away, with uniforms.

Cross-country is coached by Dave Wilkey in the administration's office. Wilkey also will help next year.

Warrior Grapplers Place 2nd in Ritenour Tourney

Granite City High School's wrestlers earned four of the 12 championships in the rugged Ritenour Invitational Tournament this weekend, the most of any of the eight schools entered and finished second in the point standings.

The Warriors' with 80½ points, lagged behind Riverview Gardens with 92 points and three champions. Trailing were Ritenour with 72½ points, Normandy 48½, Hazelwood 41, Pattonville 26½, defending champion McCluer 12 and Mehlville 3½.

Other schools with champions included Normandy with two, and Ritenour, Pattonville and Hazelwood with one each.

4 Champions

Champions for the Warriors were Gary Loy (185), Harry Miller (112), Kerry Johnson (119) and Doug Wilson (132). Loy breezed through the three rounds of the tournament with a 3-08 pin Friday over Mehlville and 7-3 and 5-2 decisions over Riverview and Ritenour Saturday.

Miller earned his crown by downing his McCluer opponent in 3:06 in the first round, earning a 7-4 decision over Riverview in the semifinals and a 9-4 decision in the finals against Normandy.

Johnson Wins 3
Johnson downed grapplers

from Normandy. Pattonville and Ritenour with a 7-4 decision in the first round, a pin in 2:43 in the second and a 7-10 decision in the finals.

Wilson earned a decisive 16-3 win in the early round against McCluer Friday, pinned his Normandy opponent in 4:39 in Saturday's early round and earned his crown in a 4-3 decision over Riverview Saturday afternoon.

The Warriors also boasted of two runners-up and third and fourth-place finishers. Last year the team finished third in the tournament with the same number of champions but without finishers in the second, third or fourth-place lineups.

2 Runners-Up

Cougar Growing Pains Show in 123-88 Loss

Growing pains are even more painful when they are observed by a yelling capacity crowd of screaming basketball fans. But while Southern Illinois University-Southern's cagers were the victims of Eastern Michigan University, 123-88, Saturday night at Ypsilanti, Coach Jim Dudley's charges did show some positive improvement in their game.

Going into the Eastern game with a 0-3 record, the Cougars' performance at the free-throw line was the main reason for their three losses. It was decisive in their defeat at the hands of the University of Missouri, Rolla, and their 78-77 loss to Northern Missouri. Against the Miners, who made 30 of 37 charity tosses, the Cougars were only 14 of 22. In the North-east Missouri contest, the Bulldogs were 24 of 28, while Dudley's boys were able to convert 20 of 39.

Saturday night against the high-flying Hurons of Eastern Michigan, however, the Cougars made 20 of 25, a decided improvement.

The other definite improvement was in the defensive play of Cougar Jerry Bloomer. He was assigned to defend against Eastern's 33-point per game performer, George Gervin, and held the sophomore sensation from Detroit to 20 points. At the same time, Bloomer held St. Mary's attack with 20 points.

SIU-SW's growing pains, that is up-grading its schedule from playing little known schools to the big time, was painfully evident in the Eastern game. On Tuesday of this past week, the Hurons of Coach Jim Dutcher had lost a heart-breaker to 9th ranked Michigan University at Ann Arbor. And while their victory over the Cougars brought Eastern's record to only 23, the Huron's two other losses were to national powers like Toledo and Purdue.

After a 6-5 lead at two minutes on the clock, SIU-SW was never in close contention in the game. Eastern's blazing fast-break and truly terrific shooting, both outcourt and under the basket, was terrifying and sensational. The Hurons finished the game with an amazing 63.1% figure from the floor, while the Cougars could manage only 34.0.

Another improvement for SIU-SW is Benny Thronburg who is regaining his 1970-71 form. A leading scorer for the Cougars last season, Thronburg had a knee operation Oct. 17 and had scored only 11 points in three games. He made 14 Saturday, including six straight, at the free-throw line. His 878 at the charity line gained him a spot in the Top Ten in that category in the NCAA college division last season.

On the plane ride back, Coach Dudley summed it up: "Did you ever see a faster fast-break than that?" he asked, ruefully shaking his head. "And their defense... it was deadly," he added.

What the young coach meant was the fact that the Cougars took more shots at the basket, 97 to 84, than did the Hurons,

but Eastern's defense, with its great jumping ability, knocked down shots which appeared headed into the basket. That same height and jumping advantage gave Eastern a better than two-to-one rebounding edge, 66 to 32. Part of this advantage of the Cougars was due to the absence of 6-4 James Mackey, who was left at home with an ailing knee. Mackey appears lost for the rest of the season. He was averaging 14 points a game.

SIU-SW's future, immediate, that is, doesn't appear any brighter, as Dudley will take his Cougar cagers on the road Thursday for a three-game invasion of Louisiana, against Southern night, against Louisiana Tech University at Ruston, La., Louisiana College Monday night and powerhouse Louisiana State University at New Orleans Tuesday night.

The Cougars' growing pains could easily get more painful.

Cougars Tripped by Milwaukee

The Cougar cagers of Southern Illinois University-Southern dropped their third straight game to Wisconsin-Milwaukee Thursday night at Edwardsville High School.

The Cougars committed 22 turnovers during the game, including 12 in the first half which ended with a 50-48 deficit.

Gene Bonds topped the Cougars with 23 points, followed by Jerry Bloomer with 16 and Tony Johnson with 12. Penny Thronburg, who submitted to knee surgery in October, finished with eight points.

Richard Cox, 6-6 sophomore, led Milwaukee with 32 points. SIU-SW totaled 37 field goals and 11 free throws, while the winners bucketed 40 from the field and 17 from the charity stripe.

Red Devil Cagers Run Out Of Steam, Drop 74-63 Tilt

The Venice Red Devils were burned 74-63 by East St. Louis Lincoln Friday night on the Devils' floor.

Lincoln took a 21-8 first quarter lead before Venice came back in the second quarter to move ahead 31-29 with 2:25 remaining before the half. But a pair of buckets each by Lincoln's Derrick Ganton and Melvin White helped put Lincoln ahead at the half 39-33.

The Devil's weren't ready to quit, despite a 12-point disadvantage in the third quarter, as they held Lincoln scoreless in

the last 2:30 of the period, and went ahead 51-50.

Venice went limp in the fourth quarter and failed to bag anything for three and a half minutes. Algie Smith came alive with three buckets in a row, but the Lincoln lead remained.

Venice is now 2-2 record. The high point man for Venice

was Smith with 17, followed by Rex Henry with 15. Ray Mosby 12, Jim Ohlendorf 10 and Dan Maurer 9.

Lincoln led in field goals 32-25, and the two teams broke even from the charity line with 13.

Lovejoy will play at Venice Friday.

8 GC Swimmers Place At Clayton AAU Meet

Eight Granite City swimmers competing under the East St. Louis YMCA colors earned medals in a weekend age group open AAU invitational meet sponsored by Clayton Shaw Park AAU Team.

Representatives from 23 area

squads competed in the two-day series of races at the Clayton High School. Distance events, the specialty of Karen Reisinger of Granite City, one of the Midwest's top swimmers, were excluded.

The local girl, however, won two first-place medals, topping the field in the 200-yard individual medley and 400-yard free style (13:14), and earned a second place medal in the 800-yard free style-relay (open division).

Also capturing two first-place awards was Mark Buenger, 13-14, who won medals in the 100-yard butterfly, 200-yard breaststroke, 400-yard medley, and 800-yard medley. He earned two third-place ribbons in 50 and 100-yard free style, fourth place, 400-yard free style relay, and fifth place, 200-yard breaststroke, (open competition).

Judy Reisinger, 11-12, earned five third-place awards—100, 200 and 400-yard free style and 200-yard medley and freestyle relays; a fourth place in 200-yard individual medley; fifth place, 50 and 100-yard breaststroke and 100-yard butterfly; and a sixth place in 100-yard backstroke.

Janet Becherer, 10 years and under, competing in her first meet, won four second-place medals in 100 and 200-yard free style and 50 and 100-yard butterfly; a third place, 50-yard free style; and fourth place in the 100-yard breaststroke and backstroke events. David Jolly earned two first-place awards, swimming in the 10-years-and-under division in the 200-yard medley and free style relay events. He also received second place in 400-yard free style relay and a sixth place in the 100-yard breaststroke.

Ken Jolly, 11-12, earned a third place in the 400-yard free style relay; Scott Buenger, 10 years and under, sixth place 200-yard medley relay; and Debbie Griffin, sixth place, 50-yard breaststroke.

The East St. Louis YMCA team will host a post holiday invitational meet Jan. 7, 8 and 9. The contests will be the first held at the Lewis and Clark Junior College, Godfrey, formerly Monticello College.

Warriors Favored to Retain Pontiac Crown

The 41st Pontiac holiday basketball tournament, slated for Dec. 28, 29 and 30, is rapidly shaping up as one of the best in the history of the Chief City Classic.

Defending champion Granite City, a 54-47 winner over Normal U. High in last year's championship game, returns with a roster boasting four regulars. Terry Ripka, 6-5 senior forward, last year's second leading individual scorer and all-tournament choice, will pace the Warriors bid to retain their title.

Receiving strong backing in the pre-tournament speculation is Waukegan's Bulldogs, winner of the consolation championship last year. The Bulldogs, under new coach Bob Joer, return with an all veteran starting lineup featuring one of the state's best players in 6-11, 245-pound senior center Bill Rucks.

Another strong contender will be the LaSalle-Peru Cavaliers. Coach Jack Margenthaler's high scoring quintet features 6-4 senior center Paul Melien, who is averaging 23.5 points per game and 13 rebounds.

Lockport Central's Porters, coached by Bob Basarich, return with a veteran lineup. The Porters feature high scoring Isaiah Harper and an outstanding sophomore in 6-5 Ellis Files.

Bloom's Trojans, always a strong contender here in the tournament, have been gaining in the pre-tournament popularity. Coach Wes Mason feels he has a potential All-Stater in 6-4

forward Mark Barwig, who is averaging 20 points and 20 rebounds per game. The Trojans could be even stronger if transfer Ben Southall is ruled eligible before the tournament.

Only one new school—Quincy Catholic Boys School—was able to break into the class of field teams for the 41st tournament. The Quincy school was a member of the "Sweet Sixteen" last year and returns five lettermen from that squad.

Other tournament teams rated a strong chance for the title are Alleman of Rock Island, West Aurora and last year's runnerup, U. High of Normal, which is paced by one of the state's top guards in 6-4 1/2 senior Jim Crews.

Rounding out the strong field of teams will be Glenbard West, Cairo, Springfield High, Sterling Community, Streator and host Pontiac.

Tournament festivities will get under way 6:30 p.m. on Monday, Dec. 27 when the Pontiac Jaycees stage their 21st annual tournament banquet at the Elks Club for the members of the 16 teams competing in the three-day tourney.

Chuck Tanner, Chicago White Sox manager, has been signed as the principal speaker.

Post 204 Installation, Yule Parties Saturday

Stanley Skubish will be installed as commander of Amvets Post 204 of Madison in ceremonies scheduled for Saturday evening at the Polish Hall, 826 Greenwood St., Madison.

The installation will be combined with a Christmas dinner for post members. The festivities will commence at 7 p.m. Saturday, with dinner served one hour later.

Leo Clements of Granite City,

Illinois Amvets vice-commander and a member of Quad-City Amvets Post 51, will serve as installing officer.

William Papa, Post 204 vice-commander and party chairman, said reservations will be accepted by calling him at 877-5275, or Sam Boshoff at 876-9620.

A holiday party for children of Post 204 members is planned from 2 to 4 p.m. Saturday at the Polish Hall. Santa Claus will call to distribute Christmas treats and refreshments will be served the young folks attending, Papa said.

Unlike previous years, the adult and children's activities will be separate events, the chairman said. An orchestra will furnish music for dancing and listening during the evening party.

Thomas Voloski is serving as chairman of the refreshment committee for both events, Papa said.

A HIGH FEVER IS VERY SCARY

When a child's temperature shoots up very high, it is very frightening to the parents. And often, this will happen without any other symptoms. Fortunately children are able to tolerate high temperatures much more easily than adults.

If a fever gets over 102 in a small child, a physician very often prescribes a sedating suppository to guard against the possibility of a convulsion. Some physicians suggest you have these suppositories in the house for use if a fever is raging late at night. Children's aspirin helps to bring down the fever but if it gets up as high as 104 or 105, your physician might recommend putting the child in a bath of cool water. Follow his advice.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

GC Air Control Unit to Become a Reality Soon

The proposed Granite City Air Pollution Control Department may become operative early next month, city officials said this week.

Forms have been received from the Department of Health, Education and Welfare in Washington, D. C., for a monthly allotment requests from a \$19,810 grant.

Paul Rutledge, city treasurer, said he is waiting for proposed figures on January spending before completing the request form and sending it to HEW. If the form is submitted by Dec. 25, funds should be received by Jan. 1, Rutledge said.

The Air Pollution Control Board has been unable to determine a monthly budget until a full-time air pollution control officer is hired and his salary is set. Professor Erwin C. Hoescher, technical secretary, has interviewed six applicants for the position and is expected to announce his choice soon.

Selection of a control officer must be confirmed by the Granite City Council.

The grant application originally sought \$26,000 for the fiscal year beginning in September. Since the approval was delayed, the amount requested for the remainder of the fiscal year was reduced.

The grant application was approved by the State Environmental Protection Agency in February and received final approval from the federal agency Oct. 12. Funds were to have been received here by Nov. 1

but the file was lost by the EPA.

Mayor Partney called Congressman Melvin Price (D-East St. Louis) requesting immediate action and Price urged the EPA to reconstruct the file without delay.

Within one week the original file was found and Price was notified funds soon would be available. A letter from Price to the city council was read at Monday night's council meeting in which he apologized for the delay and stated, "I hope that the Granite City program can continue smoothly from here on out."

Levee District Sued Over Election Costs

Unpaid costs total \$12,699 for the first election and \$12,913 for the second. Expenses include election supplies, publications and payment of the canvass board for the two elections.

The district and the county both have refused to pay for the elections which had been ordered by Governor Richard Ogilvie.

Thirty-eight other cases were cleared.

Property Tax Still Largest Of State Taxes

(Complex News Service)

Springfield — A report from the Illinois Taxpayers' Federation shows that from 1960 to 1970 state and local government taxes in the state increased 136%, from \$206 per person in 1960 to \$487 per person in 1970.

The largest money raiser for the local governments was still property taxes, the report said. In fiscal 1960, the property tax in Illinois amounted to \$106 per capita while in 1970 it amounted to \$201, an increase of 84% per year.

Other taxes—sales, use, income, utility, liquor and cigarette—amounted to \$87 per capita in 1960 and \$286 in 1970, an increase of about 195% during the 10-year period.

Meanwhile, the temporary chairman of the Senate-House subcommittee on personal property tax revenue loss has called for a strong bipartisan effort to study ways of replacing the revenue loss anticipated by the abolition of the personal property tax exemptions.

Local government units have complained to state officials that means will have to be found to offset the revenue losses.

Sen. Robert Coulson, R-Waukegan, who heads the special subcommittee, says that despite the recent State Supreme Court ruling which reinstated the personal property tax, some county officials have chosen not to establish the machinery which is needed to assess the 1971 personal property taxes.

Attempts were also made in the November session of the General Assembly to establish exemptions for real estate taxes.

Of course, state taxes, such as the sales tax and the income tax, reflect a rise in the past 10 years.

But taxpayers can take some heart. The Federation points out that Illinois was not the only state to increase taxes. In the last decade, 32 of the 50 states have more than doubled state and local taxes.

Permit Pleas Sent To Plan Commission

The Granite City council has referred to the City Plan Commission a request by Dr. Leslie Reed and his wife, Lois, for a permit to remodel an apartment building at 1550 St. Clair. A physician's office and medical building.

The council specified in its referral action that the matter be considered by the plan commission in its meeting scheduled this afternoon at city hall. Mrs. Reed said yesterday that ownership of the building, which presently houses three apartment units, has not yet been acquired by Dr. Reed pending city response to the permit request.

Similar action was taken on a petition by W. B. Heidke, Granite City chiropractor, for a permit to remove sidewalks, blacktop a parking area and extend new construction to the alley at 2350 Benton Ave. The council also specified the planning commission meeting.

A request by Mrs. Carolyn Campas, 1629 Edison Ave., for a special use permit to establish a beauty shop in newly acquired property at 4011 Veslie Ave., also was referred to the City Plan Commission.

Two More Men Freed Of Narcotics Terms

Two more men convicted in June on marijuana charges were ordered released from prison Thursday by Circuit Judge John Gitchoff.

They are Greg Penrod, 18, of Granite City, and Wayne Scott, 17, of Edwardsville. Earlier in the week Judge Gitchoff dismissed the marijuana conviction of Michael Chinn, 2, of Granite City, who had served six months in Menard Penitentiary.

He also dismissed a charge of sale of marijuana against Raymond Darr, 22, of Alton, who was at liberty on an appeal bond.

It was estimated that 30 persons arrested in connection with marijuana will have charges dismissed when their attorneys file motion.

The Illinois Supreme Court recently ruled that the old state narcotic laws violated the equal protection clause of the Constitution and that mandatory minimum sentences were cruel and unusual punishment.

Apartment Burglary
The apartment of Mac Cooper, 401 Selb St., Venice, was burglarized Thursday evening. Police said entry was gained by breaking the glass in the back door. A clock and radio, valued at \$38, were taken.

Village Votes Raise, Seeks Auditing Bids

The Pontoon Beach village board voted Thursday night to raise the salary of Judy Williams, sanitation clerk, from \$80 per month to \$40 per month, providing such a raise does not conflict with Phase Two guidelines of the wage-price freeze.

The village attorney is to rule on the legality of the raise before it is granted.

The board decided to seek bids from certified public accounting firms to audit the village's books quarterly. One offer was presented to the board, but it was held for consideration until after other bids have been received.

A letter to Mrs. Helen Hawkins from John Sobol on behalf of the Granite City Board of Realtors was read at the meeting. Sobol congratulated Mrs. Hawkins for work she and the Intergovernmental Committee have done on Dobrey Slough drainage. Mrs. Hawkins urged those present to write to their legislators urging support of sewer projects, specifically hill-side drainage.

Endowment Grant to Aid River Festival

A grant of \$200,000, part of which will be used in expanding the Mississippi River Festival, has been allotted to the St. Louis Symphony Association by the National Endowment for the Arts.

Endowment Chairman Nancy Hanks said the funds will be used to experiment with various concert environments. A spokesman said that half of the \$200,000 comes from the federal treasury and the other \$100,000 was raised from private sources and submitted to the Endowment with the symphony's application for assistance on a matching basis.

Symphony Manager James Cain said the funds will be used to augment the orchestra's services and capabilities. He said educational offerings and services probably will be added to the symphony's normal concert schedule at the River Festival.

GOP Losses in Senate Are Likely

By MICHAEL O'CONNOR
Capitol News Service

WASHINGTON — The well-organized team assembling President Nixon's reelection campaign is quietly anticipating that his popularity will yield some 1972 Senate gains for the Republicans.

At this stage, however, there are few positive signs to indicate such an event will occur. The same signs do point to a potential Republican loss in the Senate unless Mr. Nixon uses his time and control of party resources to help some allies in trouble.

Thirty-three U. S. senators—18 Republicans and 15 Democrats—will be up for reelection next year.

Democrats are in control, 55 to 45, and are a favorite as of now to retain virtually all of the seats they hold.

A survey of individual offices also indicates that based on current popularity and plans of the incumbents, Democrats could gain as many as six seats next year.

In 1970, Democrats won 22 of the 33 seats in the Senate in contention. One independent and one conservative won election at the same time.

Despite some criticism that the White House lost in the first off-year election, Mr. Nixon described the current makeup of the Senate as a "working majority" for his party.

The critical problem for Mr. Nixon next year, however, is that the "working majority"—the number of congressmen, Republicans and Democrats expected to pool their forces on major issues—could be cut sharply after November of next year.

A secondary problem for Mr. Nixon is that all of the so-called "glamour races" for the Senate in 1972 will occur in states needed to secure his reelection.

In only two states, normally Democratic Virginia and Georgia, do Republicans now stand a better than even chance of unseating the Democrats.

Races expected to draw the most attention are those waged by Howard Baker in Tennessee, Robert Griffin in Michigan, Mark Hatfield in Oregon, Charles Percy in Illinois and John Tower in Texas.

All are Republicans and, with the exception of Percy and Hatfield, consistent supporters of Mr. Nixon. Republicans could pull a surprise in Virginia where there is now announced GOP opposition

eliminate family squabbling.

Through their wills, a couple may also outline the future of the children should be handled. Insurance policies can frequently make the children of even young families financially well off.

A will can provide for proper disposition of all property, including insurance proceeds, and establish trusts which will protect these assets during their child's minority, or even longer, if desired.

While one person might provide instruction and guidance, another might be the better equipped to handle the youngster's money.

Establishing one person guardian of the person and another as guardian of the estate of a child is not uncommon.

Establishing orderly procedures for managing the estate and providing a "parental" guardian for the child to be in the least one heartache during a painful period—and make a will important for even the newest family.

Young Families Also Need Wills

(Last of Three Part Series on Wills)

For young families just starting out in life, a will may be among the last things considered. But it frequently is even more crucial for a young family to draw a will than an older, more established one—regardless of the value of the property involved.

This is true because the most critical element in the will of a young father or mother could be the provision stating who should have custody of their minor children in the event that both husband and wife should die.

In cases like this, bitter arguments sometimes ensue between maternal and paternal grandmothers over the custody of grandchildren.

While the grandparents or other members of the family mean well, both sides quite naturally feel they would be most capable of caring for the children. A will which establishes a guardian for the minor children, in the event of the death of both parents, will

Rezoning Sought For Vote Machine Storage Building

Committees of the Madison County Board of Supervisors have made plans to seek a rezoning change for two possible locations to construct a storage and service center for voting machines.

An appropriation of \$225,000 for construction was included in the county's new budget adopted last month, when officials said the structure would be located on the grounds of the old county nursing home at Edwardsville.

The new building and election study committees also have considered county-owned property at the tuberculosis sanatorium center in Edwardsville and propose to apply to the Edwardsville zoning board to rezone both sites from residential purposes.

The proposed locations are different than the recommendation of the Public Building Commission, "abolished" last month by the County Board but still active. The commission favored purchase of property in downtown Edwardsville for public buildings.

Marshall Smith, assistant state's attorney and legal advisor to the County Board, has said that the board's action in dissolving the building commission was illegal and that construction of the voting machine storage center should be subject to public referendum without the commission.

The dispute is expected to be aired at the next regular meeting of the County Board Wednesday, Dec. 15.

Health Benefit Option Offered Students

According to Lynne Kepner, assistant to the vice-president for student affairs, a portion of graduate assistant fees are waived or paid for. The activity fee (\$10.50) is one which is waived for graduate assistants. If they do not pay the fee, the portion allocated to the student medical benefits account to cover University Health Services privileges, is restricted.

"In all probability, any health insurance carried may cover the medical benefits, but only after the \$50 or \$100 deductible is paid out of their pockets," Mrs. Kepner said.

Graduate, teaching or research assistants interested in this option must pay at the bursar's office in advance of each quarter during the period of registration only. The deadline for winter quarter coverage is Jan. 3.

Warrior Cagers Split Two League Games Over Weekend

The Warriors of Granite City High School split two Southwestern Conference basketball games over the weekend.

GCHS downed East St. Louis here Saturday 69-50 but lost Friday to Belleville West in an upset, 72-60.

The action gave the Warriors a 1-2 mark in the conference and a 3-2 overall record.

In Saturday's game the Warriors took the lead and held it all the way with quarter scores of 14-7, 31-22 and 48-38.

Russell Hodges of East Side took scoring honors with 24 points. Joe Wallace was the top Warrior scorer with 20.

Herb Nobles, 6-6 East Side Flyer who has been averaging 28 points a game, was held to nine as Rick Presho was effective on defense.

The Warriors led in field goals 31-23, in free throws 7-4 and in fouls 12-8.

Tom Venick, 6-2 junior, committed four fouls in the first half and then worked out in the last quarter.

"There were marked improvements in our game Saturday night," Warrior Coach Don DeWitt said. Wallace and Bob Wiggins did a real job on defense and kept the pressure on.

This was the first game where I think we looked like we did when we were winning last season."

"Our rebounding is improving. Although East St. Louis led 36-31 in rebounds, we are showing improvement. Terry Ripka took 10 Saturday and 12 Friday, and this is a good sign."

Other Warriors scoring in Saturday's game were Ripka 18, Presho 17, Wiggins and Venick 6 each and Chuck Krause 2.

Kevin Dyer, 6-3, sprained his ankle early in the week during practice and he was out of the lineup Friday and Saturday.

Dyer has been the Warriors' top rebounder and second high point-maker. It is uncertain when Dyer will play again.

In Friday's game the Warriors of Belleville West took a first quarter lead of 15-12 and held it the rest of the game, 33-29 at the half and 51-37 going into the final period.

In the last quarter the Warriors outscored BW 32-21 as they racked up 19 points in six minutes, but the effort fell short.

The Warriors led in field goals 28-24. The Warriors were sharper with charity tosses, 21-16.

Ripka took scoring honors

with 43 points but in the third quarter he only managed to sink only one bucket in eight attempts.

The Warriors, behind by 19 points, came on strong in the final quarter Friday to edge within two points of the lead with 12 seconds left on the clock. Then a Maroon substitute put the game out of reach by hitting one free throw with five seconds remaining.

The Warriors travel to Edwardsville for a conference game Friday and will play at home Saturday against Wood River.

"We are not out of the conference yet," Deterding said, "but we can't afford to lose any more games. We're getting off to a slow start this year, but I think the boys have got themselves together now. We'll see Friday."

Members of the band are from the 7th, 8th and 9th grades and are directed by Robert D. Todoroff. They will perform an hour long concert of music, both traditional and seasonal.

Included on the program will be "Prelude in Fugue in G Minor," J. S. Bach; "Intermezzo for Band," D. Thompson; "Northern Suite," R. C. Cavani; selections from the Broadway musical "1776," S. Edwards; "Times of Glory," Concert March, C. Cavani; medley of Lennon and McCartney songs and arrangements of Christmas music.

Arrested on Warrant

Police, Firemen Given Vacation Pay Option
An ordinance allowing approximately \$2,800 to firemen and \$2,800 to police officers as vacation pay in lieu of time off has been approved by the Granite City council on recommendations of Fire Chief Earl Fromberger and Police Chief Ron Veizer.

The action was taken after the two department heads had pointed out that the late effective date for the 1971-72 vacation schedule would create a serious manpower shortage if members were to take vacations before the end of the year. Police and firemen will have the option of accepting time off or pay instead of vacation time.

Protection Agency Urges Pontoon Lagoon Changes

In response to several complaints of offensive odors from the Quiet Valley Waste Stabilization Lagoon in Pontoon Beach, the Illinois Environmental Protection Agency has recommended several steps that the village administration should take in eliminating health hazards from the lagoon.

In a letter to the board of trustees which was presented at the village board meeting Thursday evening, R. L. Schleuter, supervisor of the Mississippi Basin Surveillance Section of the EPA, outlined five steps that should be taken. They are:

- 1.—Maintain a depth of four to five feet in the lagoon to control odors.
- 2.—Maintain a high dissolved oxygen level in the water by adding sodium or ammonium nitrate, or utilizing mechanical aeration equipment.
- 3.—Provide access to the lagoon by a locked gate. At present a locked gate prevents only the lagoon outlet pipe.
- 4.—Keep weeds trimmed and eliminate small trees around the lagoon.
- 5.—File monthly operation reports which include dissolved oxygen test results. July and August reports had not been received, according to Schleuter.

The EPA official said an inspection of the lagoon was completed Nov. 24 in response to several odor complaints, some of which were relayed by William Mullen, Nameoki Township health inspector.

Next for Area-- County Executive?

By RAY SERATI
Copley News Service
Springfield — Illinois counties could be moving into a new form of government under legislation approved by the General Assembly and signed into law by Gov. Richard B. Ogilvie.
The new law permits counties to adopt the county executive form of government according to the home rule powers contained in the new state constitution.
Under the provisions of the constitution, a county cannot use the home rule powers of the charter unless it also adopts the county executive form of government.
State officials said several inquiries already have been made on the county executive plan. The officials point out that most of the calls have been from the popular, non-heavy northeast counties, but that several central and southern Illinois counties have also inquired about the county executive plan.
The counties appear to be interested in the program not only because they would be able to hire a county executive, who in the main would be saddled with the job of budgeting and purchasing. These two items have become major stumbling blocks for many downstate counties.
The county executive form of government may be compared to the strong mayor form of government for municipalities. Among the duties of the county executive would be budgeting, purchasing, appointments to various boards and commissions and even presiding over county board meetings.
The county executive form of government would be through a referendum of the voters. The county filed a referendum prior to next Feb. 1, then the referendum could be held at the March 21 primary. If not, then it could take place at the November general election or at a subsequent election.
To date, state officials say they do not know if any petition proceedings for the referendum have been started by citizens of the counties.

Vital Statistics Show Decline in Births
A total of 89 births was reported in Granite City during November, the lowest number since May, according to a vital statistics report released this week by Robert W. Stevens, city clerk.
The report also showed 27 deaths last month, a slight increase from the 26th deaths in October, but less than the 31 deaths reported during November 1970.
The number of births was the lowest since 71 births were reported here in May. A total of 92 births was reported in November 1970.
The statistics bring the total number of births for the year 1,103 and the total number of deaths for the year 381. During the same period last year, 1,147 births and 403 deaths were reported.
No fetal deaths were reported in three months and the total number thus far this year is 12. Twelve fetal deaths were reported here during the first 11 months of 1970.
